## EDUCATION

**Lakshmi Narain College of Technology, Bhopal**  
*B. Tech in Computer Science and Technology (CGPA - 8.54)*

Oct 2020 - Jun 2024  
Madhya Pradesh, India

**Shantiniketan, vidisha**  
*XII MPBOARD (77% )*

Mar 2020  
Madhya Pradesh, India

## EXPERIENCE

**Young indians**    
*Full stack developer*

Nov 2022 – Present  
Remote

- Developed adaptive and scalable Web Applications with MERN Technologies by implementing OOPS based concepts. Designed 50+ efficient Rest-APIs and controller functions that improved the response time by 20 percent
- Developed Responsive and Dynamic UI Screens using React lib. and MUI . Utilized Swagger to Document Rest-APIs

## PROJECTS

**Slot-booking** | *React.js , Node.js , Express.js , MongoDB, JavaScript* |  

- Designed a fully-functional web platform where user access to book areas street slots and review Area. And Admin can add Areas Slots. And can see the daily revenue.
- **Tools and Key Features:** : React.js , Nodejs , Express.js , MongoDB , Middlewares , Jwt tokenization, Cron job. User Registration and Authentication: jwt-token , bcrypt , Middleware , Cloudinary , Mongoose .

**BuddyMeet** | *MERN STACK , Multer , Passport.js , OAuth.js , Cloudinary , Twilio , Nodemailer , Socket.io* |  

- Developed a social media App. enabling Users to create posts as feeds . Provided seperate dashboards for Admin and Users . Equipped with features like,comment on feed, user can serch other friends and connect by following him and Chat with real time.
- Enabling Notification Socket.io for real time and improve user experiece. Used React Router , React Query , Tailwind CSS , Material-UI , Chakra UI , React-Loader-Spinner , React-Toastify , .

**Exam Portal** | *MERN, Chart.js , Bootstrap,Auth,JWT, react-redux , redux-developer-tool* |  

- Developed a Quiz App. Potal where user can give various Quizes and can examine his performance . seprate Admin Page to create Quizes.
- **Tools and Key Features:** JWT authentication , Build Clock Counter , Build Chart.js for user performance by represatating in graphical Form . React-Toastify ,React-Loader-Spinner

## CERTIFICATES AND ACHIEVEMENTS

**Runner-UP** | **Smart India Hackathon 2022** | *Certificate* 

- Selected for final round in **Smart India Hackathon 2022** by developing an innovative app leveraging **street vending and recommended** street/area to place their stall for selling goods.

**Leetcode** | **Max Rating 1450** | *programming platfrom* 

- Secured an **7000 rank out of 30000+ participants** by **solving 3 problem in contest**.
- participated in 15+contest and solve 450+dsa question.

**Codeforces** | **Max Rating 950** | *Profile* 

- Enhancing programming skills by participation in 20+ contest and solving 100+ compatative question.

## TECHNICAL SKILLS

**Languages & Technologies:** C++, HTML, CSS, Javascript, MySQL, Basics of Python.

**Frameworks/Libraries:** Node.js , Express.js, Mongoddb , Mongoose, React.js, Redux

**Core :** OS,Networking,DBMS,Machine Learning,OOPS
